Join us in creating a community
archive about the lived experiences of
LGBTQIA+ Sikhs!

ABOUT THE PROJECT:

WHO CAN PARTICIPATE?

- Be at least 18 years of age.
- People who self-identify as Sikhs and who spent their formative years in California but may be living somewhere right now.
- We highly encourage and want to extend a special invitation to those most marginalized in the Sikh kaum (ਕੌਮ), such as on the basis of racism, casteism, gender (patriarchy and cisnormativity), sexuality (heterosexism), capitalism, documentation, and ability.

ABOUT THE PROJECT:

WHY IS THIS PROJECT IMPORTANT?

The histories, experiences, and personal reflections of LGBTQIA+ Sikhs living in the United States have been largely undocumented or erased. The ultimate vision is to ***create space for LGBTQIA+ Sikhs to reflect upon and narrate their lived experiences and to provide a more complete picture of LGBTQIA+ Sikh history in the United States.***

ABOUT THE PROJECT:

WHAT TO EXPECT:

- One, 90-120 minute formal interview or one 30-minute pre-interview and a formal interview.
- Participants will be compensated \$100 for their time through a gift card and \$150 if they completed a pre-interview + formal interview.
- Interviews will be conducted virtually or, if possible, in-person.
- Interviews will be made publicly available at qtsikharchive.org as a resource where others can listen and learn.
